- Article 8. Shall we modify the elderly exemptions (RSA 72:39-b) from property tax in the town of Croydon, based on assessed value, for qualified taxpayers, to be as follows: for a person up to 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$20,000; for a person 80 years of age or older \$30,000. Under no circumstances shall the amounts of the exemption of

any age category be less then \$5000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more that \$13,400 or, if married, a combined net income of less than \$20,400; and own net assets not in excess of \$35,000 excluding the value of the person's residence and the land upon which it is located up to the greater of two acres or the minimum single family residential lot size specified in the Town of Croydon local zoning ordinance. This modification will be effective for 1998 tax year. Yes or No Ballot.

Article 9. To transact any other business that may legally come before this meeting.

Given under our hands and seals at said Croydon the 21st day of February 1998.

CROYDON VOLUNTEER FIRE DEPARTMENT, INC
1997 REPORT

As I look back at 1997 I see that the department and the Town fared quite well. We had only three chimney fires, two motor vehicle accidents, one snowmobile accident, one overturned boat accident, three calls for trees and wires down, two calls for lock outs, two false alarms, one call for generator power, and a number of calls for well and pool fills, which goes along with any hot-dry summer. The one thing that was missing, but not missed were the calls for brush, and forest fires. All in all we had a fire safe year in '97.

Many hours of training were spent by some of our firefighters, and we now have two more state certified firemen.

Greater use of both the station and the hall indicated a definite need for standby power. A search for more than two years, turned up a military surplus generator in Concord.

In the fall we added a small generator room to the north side of the station and installed the appropriate equipment to maintain a power supply at the fire station and hall.

Another first for the Fire Department is the forming of a First Responder team to fill the gap between the initial call for medical help, the ambulance and possibly the hospital.

We presently have one certified, one in training and we are looking for additional people for training as first responders.

I would like to thank the Ladies Auxiliary and the Taxpayers of Croydon, (both resident and nonresidents) for their continued support of the Croydon Volunteer Fire Department, and wish them all a, "Fire Safe New Year."

Respectfully submitted,

Harry P. Newcomb, Fire Chief

LADIES AUXILIARY OF THE CROYDON VOLUNTEER FIRE DEPARTMENT INC.

I would like to start out this report with a special thank you to everyone for all their support. Also, a thank you to our Fire Department for all their help at Bingo Games and our Dinners, and other events.

In February we sponsored Nichole Currier for carnival queen. May 10th we had our yearly Mothers Day Turkey Dinner. We gave out carnations to all the mothers. We also, gave the Croydon school children carnations, to give to their mothers for Mothers Day.

In May Marie Newcomb and myself went to the cemeteries to put out the Auxiliary flags for our beloved members. Who will always be in our hearts and will never be forgotten. For without them where would we be today! On May 31st we had out Chicken Bar-B-Que. There was also a food table inside with home made salads, beans, and fancy desserts.

In June we bought a trailer for parade use as a float, and in July we were in the Grantham Parade. We also started a new Bingo game called the "Bonanza." August we had our first talent show. Hope to see more people come to show their talent at our second Talent Show.

October we were in Claremont's Parade. It was Fire Prevention Week. The Fire Department taught Croydon school children about fire safety, and taught the kids how to squire the hose while we served them cake and ice-cream. Then we gave out gift bags to all the children. October 25th we had two Halloween parties. For the young children we had Harry's Curious Creatures. The children loved all the animals and also played many games, and gave out prizes.

November 8th was our annual Roast Beef Dinner. The dinner went over very well.

December 6th we had a wonderful Christmas Party. Santa Claus came to give us all a gift. We sang Christmas Carols, and had a wonderful supper.

We also have our Bingo games every Thursday night. Plus we also do catered dinners. Hall rentals are still available. This year we had two 80th birthdays. HAPPY BIRTHDAY TO: Madeline Dearden and Bernice King.

A special "WELCOME" to all our new members.

Thank you for all those donations!

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with Forest Fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1997 fire season was a safe period for wild land firefighters with no major injuries reported. The drought conditions experienced during the early summer months was a significant factor resulting in the total number of fires reported during the season.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wild land fires and keeping the loss of property and suppression costs as low as possible.

CROYDON POLICE DEPARTMENT REPORT

1996 and 1997 was a year of change for the Croydon Police Department. The Department lost one good officer and gained another. There was some downtime for the Croydon Police Department during the Spring while I was attending the part-time Police Academy at the University of New Hampshire in Durham. The Academy lasted 12 weekends with the graduation ceremony being held on June 7, 1997.

Since becoming the Officer in charge for the Town of Croydon I have met many of the town citizens. Everybody has been very warm and welcoming in helping me make this transition. Also all of the surrounding towns, Sheriff's Department and the New Hampshire State Police have been very helpful in giving advice and assisting on Police calls.

Beginning in January of 1998 the Police Department has been officially moved to the Croydon Town Hall. This is a major upgrade for the Police Department and will help tremendously with all of the administrative work that is involved. Also a phone number will be set up for the Police Department and will have call forwarding to Newport Dispatch during late evening hours.

The calls for service rendered during 1996 and 1997 were 265 respectively, with an increase of 5% from the previous year. The CSR's (call for service rendered) for the year 1997 were as follows:

911 Hang-ups	05	Burglary	01
Abandoned Vehicles	00	Check on Well being	04
Abandoned Children	01	Civil Matters	02
Accidents (MV)	04	Criminal Mischief	06

With changing laws, state mandates, and training for the Croydon Police Department I look further the Police Department into the future. This will help serve and protect the citizens of the Town of Croydon into the new year.

REPORT OF THE ROAD AGENT

So far "98" has been a pretty busy year. I think everybody will remember the "Ice Storm of 98." Although we were without power for 6 days or more (thank God for generators), we can be thankful we didn't get hit like some of our neighboring towns.

Cash Street saw some improvements in "97." Hopefully we can complete the paved section of it within the next two years. Then we can move on to another paved road in need of repair. Most likely Pine Hill or Brook Road. Most paved roads need some attention as far as what gets done, where is a matter of:

1. The worst shape
2. Volume of traffic
3. Inclines
4. Money available (tax appropriated)

The shimming process seems to be working well on holding things together until we get to the reconstruction process.

The cost of the Cash Street Project last year, for the section we did ran about \$10,5000 per 500 feet. It takes time and a lot of money. This is why we do the road in sections.

I haven't mentioned dirt roads because they always require maintenance and every year they receive attention, although not as soon as some people would like. Bear with me, I'll be there sooner or later.

Until next year,

Don Lussier
Road Agent

REPORT OF NEWPORT AMBULANCE SERVICE CALENDAR YEAR 1997

During the period January 1, 1997 through December 15, 1997 this department responded to 29 calls for service in the Town of Croydon, compared to 27 calls handled in calendar year 1996.

On December 12 we put our new ambulance into service, replacing a 1984-van. We continue to operate two primary vehicles with a third ambulance available for backup as needed. Our staffing includes two paramedics; six EMT-Intermediates, and seven EMT-Basics. All attendants are certified in use of our cardiac monitor/defibrillator.

State law requires that we transport to the closes appropriate facility for emergency patient care. This means, in most cases, New London or Valley Regional hospitals. In certain circumstances, we may transport to Dartmouth Hitchcock, depending on location of the call and nature of the injury or illness.

As the 911 EMS provider for five communities, we will handle over 1,000 emergencies this year. We hope you don't require our services, but you may rest assured that if you need us, we will respond in a timely manner.

We wish to thank the citizens, and the emergency service providers of Croydon for their continued support.

Respectfully submitted,

Brian W. Tracey, Director
Newport Ambulance Service

SULLIVAN COUNTY NUTRITION SERVICES

Dear Selectmen,

May we again request that you continue to support the Sullivan Nutrition Meals- On-Wheels program.

We respectfully ask you to include an item for \$300.00 in your town budget to help support the Sullivan Nutrition Program.

The money you have provided in the past has been a tremendous help in helping the nutrition program provide the citizens of Croydon with not only the meals on wheels, but transportation and outreach services.

We wish to thank you for your assistance.

Sincerely,

Rodney Walker

SOUTHWESTERN COMMUNITY SERVICES, INC

All of us at Southwestern Community Services wish to express our thanks for funds appropriated to SCS at the 1997 town meeting. The appropriation of \$500. from your community, combined with the financial support of other towns and cities in Cheshire and Sullivan counties will help us continue to serve residents of Croydon during the coming year.

We are very thankful for your support of our work. During this period of severe economic hardship, families are finding it increasingly difficult to meet their basic needs. Your continued support of our agency's services are vital to our ability to meet the growing needs of Cheshire and Sullivan County residents.

Thank you for Croydon's continued involvement with SCS. The financial support, volunteer assistance, and donated services we receive from the communities we serve make it possible for us to provide so many needed services to low income families.

Sincerly,

David W. Osgood
Deputy Director

SULLIVAN COUNTY HOSPICE, INC
CLAREMONT, NH 03743

Sullivan County Hospice has been in existence since 1984. We are a volunteer agency, governed by a 12 member board of directors, all of whom reside in Sullivan County.

Our goal and purpose are to provide practical and emotions support to terminally ill patients and their families within Sullivan County. The majority of our patients are hospice patients. They have decided to remain at home under the care of their families and we provide most our services in that setting. However, we are flexible enough to follow and serve patients and families in the hospital or nursing home setting as well. Our volunteers are fully trained in areas such as death and dying, active listening, universal precautions, and grief. A few of the ways our volunteers might provide practical support include respite for care givers, running errands. light meal preparation. These volunteers provide emotional support to both the patient and the family by being available to them, by listening, reassuring and encouraging.

Our referrals come form doctors, nurses, visiting nurse associations, discharge planners, and from family members or patients themselves. Our only requirements for service are that the patient be terminally ill and that they reside in Sullivan County. We accept all referrals on that basis and there is never a charge for our service.

In addition to providing volunteer services, Sullivan County Hospice offers a bereavement support group and a cancer support group. Each of these groups is open to anyone. We maintain a loan closet with walkers, commodes, and other equipment that is useful in the home setting. These are loaned at no charge and in some cases this service helps considerably to keep out of pocket expenses lower for the patient. All of these services are available to the residents of Sullivan County.

We thank you in advance for your consideration. We hope that you will continue to support our work , as we continue in our efforts to support the terminally ill and their families in Sullivan County.

Sincerely yours,

Annie Alcorn
Director

Lake Sunapee Region VNA is proud of its tradition of providing quality home health care to people in your community. 1997 has been a year of change for home health care. Medicare reports of fraud and abuse leave us wondering how we can know whether we're dealing with a quality organization. We are served by a volunteer Board of Trustees who, with staff, continually monitor our performance internally. Externally, licensing, certifying and accrediting bodies assess our performance against state and federal standards regularly. Most of all, we have committed, competent and caring staff and volunteers out in the community each day of the year providing needed home care.

Our affiliation with New London Hospital and Capital Region Health Care has allowed us to care for patients and families more efficiently and to access opportunities for achieving cost savings as part of a larger delivery system.

As the health care delivery system and insurance benefits continue to evolve and change we are more dependent than ever on the loyal support of the towns we serve to enable us to provide free and subsidized care to those people who might not have access to care otherwise. Thank you for your continued support.

SCHOOL BOARD ANNUAL REPORT

While adequate education continues to be debated in the New Hampshire Legislature, in Croydon we also determine for ourselves if what we have for our children is financially sound and educationally strong.

One of our goals as a School Board is to update and improve on existing programs. This year, we must cut back on some of the programs that we offer. Two of the programs that were cut back are library books and field trips. We feel that this year we must rely on community fund raisers for these items.

The School Board and S.A.U. Administration are working to collect Medicaid reimbursements and State Aid for Kindergarten. Now may be the time to research the future of Croydon and propose a building to accommodate K-6. Your ideas are always welcome. Your input is appreciated.

A special thank you to the many people who donated their time or items to the Croydon Village School this year.

SUPERINTENDENT'S ADMINISTRATIVE TEAM REPORT

OVERVIEW - Dr. William J. Gauthier, Superintendent

It had been my pleasure to serve the Croydon School District during the 1997-98 school year. For the first time we have had a full management team committed to providing a full array of competent services to the district. While I am responsible for overall management, curriculum and personnel the other members of the team have specific areas of responsibility. Therefore this annual report has been developed from a team perspective.

KINDERGARTEN, FACILITIES, ETC. - Dr. John Handfield, Asst. Superintendent

Having gained voter approval for the creation of a kindergarten program at the 1997-98 Croydon School District Meeting, this year marked the first time that all children in town could attend a publicly supported program. We have eight students enrolled and they are receiving quality educational programming that will significantly enhance their learning capabilities in future grades. Indeed, the progress they have made this school year is confirmation of the wisdom of last March's positive vote in support of kindergarten.

FISCAL - James Fenn, Business Administrator

We are now paying accounts payable twice a month. This allows us to take advantage of prompt payment discounts offered and to avoid late fees. We are working more closely with the school board and the school to assure that our tuition numbers for students attending Newport schools are more accurate than in the past. In an attempt to help stabilize the school portion of the tax rate we have worked with the school board on several warrant articles which will use fund balance at the end of the year, if available, to fund unanticipated special education costs and school bus purchases.

RELATED SERVICES - Dr. Kenneth DeVoid, Special Needs Director

Last year at this time, I reported that Croydon would begin the process of Medicaid reimbursement. This has happened and now on a monthly basis, special educators and related service providers turn in their data to be processed. Various services provided to Medicaid eligible students result in a quarterly check to the Croydon School District. As we get a little more history with the system, it will become easier to predict anticipated Medicaid funds. The returns so far have been a pleasant way to help lower cost to tax payers.
